Cultural Resources

researching / developing / presenting
culture, nature & the arts

www.kaplanandassociates.org

**Kaplan & Associates presents
valuable cultural resources to your
community and its visitors.**

From inventory and planning services to research and development, we create exhibits, programs, publications, and educational tourism products.

Our approach is both tailored and flexible to best meet your organization's goals. Our clients include large and small agencies, national and local alike.

We value your community's knowledge and experience and we help you to tell your own stories.

Our Services

Kaplan & Associates provides services on a contract basis to organizations working the arts; culture, history, and heritage; the environment; and tourism agencies.

Upon request, we also offer school, higher education, and library projects, workshops, and presentations.
